R E S P O N S E

Honorable Commissioner of Patents and Trademarks
Washington, D.C.

Sir:

In response to the Official Action of April 24, 1995 (a petition for a three month extension of time and the requisite fee therefor accompanies herewith), further and favorable reconsideration is respectfully requested in view of the following remarks.

Claims 27 to 29, 31 and 32 are presently pending in the application.

The Examiner has objected to the specification and has rejected the claims as failing to comply with the requirements of 35 U.S.C. 112. The Examiner urges that the application fails to provide an enabling disclosure. The Examiner's objection to the specification and rejection of the claims is deemed to be untenable and is thus respectfully traversed.
